

Request for Data: ACUHO-I CONSTRUCTION / RENOVATION SURVEY

Information and data relative to either new residence hall construction or renovation is being requested from all ACUHO-I members. The information provided is voluntary and will be published in a summary article in the "Talking Stick". Those institutions that wish to participate are requested to complete either one or both of the survey forms on this page and the next, depending upon the type and number of projects being completed on your campus. The survey data needed covers the time period for projects completed for the opening of fall term 1999 through the opening of the fall term 2001. Estimated data is acceptable if the project architect or campus Planning Office has formalized the costs.

ALL SURVEY FORMS MUST BE RETURNED, INCLUDING CLEAR COPIES OF FLOOR AND ROOM DRAWINGS BY JUNE 1, 2001. RETURN ALL MATERIALS TO THE ACUHO-I CENTRAL OFFICE: CONSTRUCTION SURVEY
